What's New in ZWCAD 2017

NEW

DVIEW

Set up the target and camera and see a 3D model in a perspective view.

NEW

Import DGN, exchange drawing with MicroStation®

The DGN import capability is designed to provide a fundamental exchange of information between MicroStation DGN files and ZWCAD DWG files.

NEW

Undo Snapshot

The Undo Snapshot allows you to preview history when your mouse hovers over the history list. You can go back to any former step by clicking the step directly.

NEW

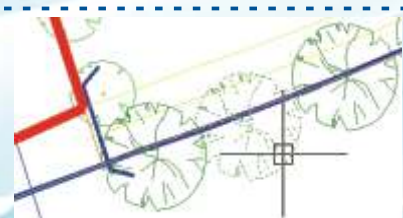

Faster when ZWCAD runs on 64-bit system

You can expect a 20% performance gain as ZWCAD 2017 takes full advantage of 64-bit system.

NEW

Selection Preview

Objects are automatically highlighted as the cursor hovers over them. This feature is especially helpful when you want to select the exact object you want.
